Introduction

Site Based Training with CSCS

WHAT IS Site Based Training with CSCS?

The Site Based Training with CSCS is an initiative jointly developed by the Department for Work and Pensions (DWP) and Jobcentre Plus.

It is funded through the Skills Funding Agency with the aim to provide work focused training and skills through approved training providers to those individuals who are seeking employment and receiving active benefits and match further eligibility criteria (see page 4).

WHAT WE OFFER

The Skills Training Centre (STC) are offering a programme that is fully funded and run in partnership with Barnet & Southgate College to help individuals to get back into work as quickly as possible .

This programme has been developed to provide candidates with appropriate Skills and Health & Safety training to assist them in gaining employment within the Construction, NHS Warehousing and Waste industries as good examples.

STC's Site Based Training with CSCS is:

This programme makes use of various teaching aids through verbal, practical, multiple-choice knowledge quizzes and written questioning as well as photographs to enable those who usually struggle with tests to get qualified. On completion of the programme, candidates will:

- Receive Level 2 Certificate in Front Line Environmental Services.

ACCREDITATIONS

- Candidates will also have the opportunity to sit the CSCS (Construction Skills Certificate Scheme) test – operative's level (Green Card) for entry into the construction industry
- Gain practical and transferable skills which can be used in a number of different job roles

WHO SHOULD ATTEND?

All those who are interested in working as a:

- Construction Site Operative
- Warehouse Operative
- Delivery Drivers Assistant
- Refuse/Recycling Operative
- Street Cleansing Operative

AIM

The aim of the course is to provide candidates with sufficient knowledge and transferable skills which are designed to advance their opportunities in gaining full time employment.

OBJECTIVES

At the end of the programme delegates will be able to:

- Explain the Risk Assessment process required for all course units
- Perform correct techniques for the practical course units
- Understand Health, Safety and Environment requirements within the industry
- Be more employable

CONTENT

The course will consist of both theory and practical training elements in the following areas:

- 🕒 Current Health and Safety Legislation
- 🕒 Manual Handling (Objects)
- 🕒 Tail Lift Operation (Working at Heights)
- 🕒 Controlling Vehicles On Site (Reversing Assistant)
- 🕒 Street cleansing including the use of a Leaf Blower
- 🕒 1 x CSCS Prepaid Test Voucher and 1 x Prepaid Level 1 Health and Safety exam (only for candidates who complete the full course)

INSTRUCTORS & ASSESSORS

Our instructors and assessors are very experienced. Between them, they have worked for many years as trainers/managers/instructors in the skills and safety training industry. Most delegates find that their practical hands on approach, makes the training easy to understand.

The instructors/assessors understand equal opportunities and will make every effort to ensure that all candidates are treated equally with understanding and respect.

PREVIOUS CANDIDATES HAVE COMMENTED:

'This is the only course I have ever completed – I didn't even finish school!'

'Excellent course and grateful for the chance to train.'

'Would recommend (the course) to anyone.'

'Learnt more than I thought I was going to.'

'The trainers were knowledgeable and kept everyone interested.'

DID YOU KNOW THAT...

The average retention rate on the courses is 98%

WHO CAN JOIN THE PROGRAMME?

To be eligible for the programme, candidates MUST:

- 🌐 Be in receipt of benefits – Job Seekers Allowance (JSA), Employment and Support Allowance (ESA) or Income Support
